

DuPuis Management Area Visitor Center

At the westernmost end of the property, Gate 5 is the entrance to the DuPuis offices and visitor center. It is approximately 1 mile west of Gate 3. The center is now open most Saturdays from 9 a.m. to noon. Ample parking is behind the center. (Please note that even when the center is closed, you can still enjoy the property by entering at Gates 1, 2 or 3.)

A butterfly garden and nature trail are adjacent to the building. The trail provides a short jaunt through a constructed wetlands and cypress forest and includes a concrete trail.
